

**BIO-HEALTH'S MANAGING DIRECTOR IS AWARDED HIGHEST  
ACCOLADE OF  
THE NATIONAL INSTITUTE OF MEDICAL HERBALISTS**

Victor Perfitt, Managing Director of Bio-Health Ltd, one of the few British manufacturers of high quality herbal medicines and vitamin & mineral supplements, has been made an honorary life member of the National Institute of Medical Herbalists (NIMH).

The award has been made in recognition of his long and distinguished career in the service of Herbal Medicine.

Victor Perfitt MBE has been a member of the NIMH for over 20 years and has over 36 years experience in the manufacture and supply of herbal medicinal products and nutritional supplements. He is a past Chairman of the British Herbal Medicine Association (BHMA), a post he held for ten years. Victor is also a Director of the European Scientific Co-Operative on Phytotherapy (ESCOP), being one of the founding personnel. In 1996 he received the ESCOP award for his dedicated work in the field of European Phytotherapy. Victor was also awarded an MBE in 1999 in recognition of his work in herbal medicine. His long career, expertise and vast knowledge in the field of herbal medicine has made Victor an authoritative and influential member of the industry who is often called upon to advise organisations affiliated to the industry and regulatory bodies.

The NIMH, established in 1864, is the senior professional organisation for professional medical herbalists in the UK. Michael McIntyre a past President and Fellow of the NIMH, said of Victor Perfitt:

“Victor is an energetic and enthusiastic champion of herbal medicine and for more than thirty years has played a major role in the development of herbal medicine in the UK and Europe. This well-deserved award recognizes the debt that the whole UK herbal sector owes him.”

Delighted with the award, Victor Perfitt said:

“I am both flattered and privileged to be awarded Honorary Life Membership of an organisation that has done so much over the last 140 years to research and promote the use of herbal medicines in this country.”

Bio-Health Ltd produces the ‘pure-fil’ range of pure, additive-free herbal medicinal products and Bio-Health vitamin & mineral supplements at its manufacturing plant in Rochester, Kent. Bio-Health herbal supplements are made from specially selected herbs which are harvested fresh then dried, powdered and encapsulated under strict quality control. The safety, quality and efficacy of their products are of the utmost importance to Bio-Health and the company’s encapsulation techniques allow each capsule shell to be filled with uniformity of mass, guaranteeing accurate dosage and optimum quality.

Bio-Health is committed to the sustainability of the environment. Since it was founded in 1981, Bio-Health has insisted on using non-irradiated herbs that are sourced from sustained species in order to protect plant-life and the supply of herbs for future generations.
